

The World Steel Capacity Book - Order form

The World Steel Capacity Book is a unique, stand-alone easy-to-use hard copy reference book describing over 90% of global steel capacity. Includes more than 2200 works in over 100 countries of the world's iron and steel production facilities from pig iron to coating. It is a critical guide for those key decision makers on sourcing, purchasing and transporting steel globally and will give you the key data so that you can accurately adjust your forecasts.
